Netta Barel

Full Stack Web Developer

From an early stage in my professional journey, I embarked on a career in early childhood education. However, as I developed a desire for a career change, I made the decision to pursue a Bachelor's degree in Business Management. After a few years of being a university student, I determined that my passion lies in programming, leading me to specialize in this field.

Education History

Weiterbildung in Full stack web and software development

Institution: DCI Digital Career Institute | Berlin, Germany
November 2022 - November 2023

During my one-year full-time training in web development, I acquired comprehensive knowledge in various areas, including Basic Digital Literacy, UI Basics, Programming Basics, and Single Page Application development. Throughout the training, I successfully completed multiple projects, including a final full stack project, which allowed me to apply and enhance my skills in a practical setting.

Bachelor of Arts in Business Administration

Institution: The Open University of Israel
July 2020 - November 2023

Encompassing studies in marketing, organizational behavior, finance, accounting, technology management, and more. Developed negotiation management skills and gained insights into international company management.

Erzieherinnenberuf Weiterbildung

Institution: Meco Akademie | Berlin, Germany
July 2017 - May 2019

I received professional training in team leadership, specifically focusing on working in diverse cultural environments. Additionally, I gained valuable expertise in addressing social issues related to children and families.
